Sir:

This is an amendment and response to the notice mailed from the U.S. Patent Office on November 13, 2000 in the above-referenced application.

AMENDMENT

IN THE CLAIMS:

Please amend the claims to read as follows:

-
- 1. A coded identification system, the system comprising an electronic computer, a specific electronic communications device that is operable to be in communication with the electronic computer, and at least one electronic communications device that is operable to be communication with the electronic computer, wherein the electronic computer includes data relating to the specific electronic communications device, including a permanent identification
